To whom it may concern -

We regret to announce that the 2020 Conference on Comparative Cognition (CO3) meeting has been canceled. After carefully considering members' travel to CO3 2020 in the context of the COVID-19 situation, the Executive Committee has voted to cancel the meeting. This letter serves as documentation that the meeting was canceled for no reason other than the current COVID-19 situation, and consequently, to support any considerations (e.g., refund, waiver, etc) that may be offered to individuals previously registered to attend.

Thank you for your support of the Comparative Cognition Society.

Sincerely,

Ken Leising
